

September 17, 1991

The September 9th share meeting found thirteen GLHGers out on a pleasant, late-summer evening. The juxtaposition of dusk and our meeting time is a reminder of autumn on its way.

Don Teator brought the 1992 calendar for its first public showing. The calendar (printed by Tee's of Westport, Coxsackie) has garnered many positive comments. Several people have taken calendars to sell, and everyone is encouraged to take and sell a few (or more) calendars. Anyone needing calendars should call Don at 634-2397; mail orders can be arranged by mailing \$6.25 to Don.

Several of the resorts have taken calendars to offer to their guests. In addition, the Greenville Pharmacy, Freehold Country Store and the Greenville Library have taken calendars to sell. A positive comment to these three places would be appreciated.

Extra copies of the 1994 calendar photography contest guidelines were available to pass on to organizations and clubs; if additional copies are needed, call Don. If you belong to a community group, please share our contest information with that group.

In another project, Don showed the results of transferring the genealogy files to page protectors in albums. All small pieces of paper, as well as worn newspaper clippings, have been xeroxed onto full size sheets. Thus, six notebooks presently contain our genealogy files. The regular files will also undergo this transfer in the next couple years.

Harriet Rasmussen contributed a file of about ten sheets with McCabe information. Part of Harriet's inspiration was the calendar picture of the 1992 November picture. (Leafing through the genealogy albums will show the work Harriet has amassed with her consistent work.)

Edna Adams brought in a box of glass plate negatives that Vern Smith had shot. These negatives were loaned to Debra Teator to be printed.

Fred and Carol Lamb (Fred's first appearance) brought a picture showing the laying of rocks for the base of what would become Rt. 32 in Freehold. This was loaned to be duplicated.

Priscilla Palmer recounted the visit of Diane Eckert who is doing work on Butler and Chadwick genealogy; Kathie Williams is also involved in this puzzle.

Arlene Brown reminded members of two meetings. A November 7th meeting features "Voices from the Good War". This program will relive the experience of WWII from many perspectives; details will be forthcoming. The December 9th

meeting is the GLHG program on the 50th anniversary of the beginning of WWII and its effect on Greenville. Arlene, who is organizing this program, is asking for help on material to use, people to invite, etc. If you have ideas and suggestions, please contact Arlene.

The program for our October 14th meeting is former town supervisors, as well as a few former board members, current board members, and the current town supervisor (invitations still need to be confirmed). Come out and share an evening with the people who have been responsible for the well being of the Town of Greenville.

Sincerely,

Don Teator

P.S. Enclosed is a sheet of business cards I have in my files. I'm hoping a visual inventory will assist you in gathering cards not in my file.

P.S.S. I heard from no one about adding any more projects to my project list. Thus, that list will be in next month's mailing.
